

AP BOOTCAMP

Some students DREAD coming into an AP class. Nonetheless, students will come to understand that AP classes are similar to taking a college class. Understanding this, students will gain experience which will prepare them for not only their AP classes, but for their future college courses.

Most AP classes will require that you spend a sufficient amount of time doing homework, reading, preparing for class; however, these habits will help you later as you enter college and the work force.

WHAT IS THE BOOTCAMP?

The AP Bootcamp is a fun gathering geared to providing you with the initial skills and important information relevant to your courses, whether it be AP Language or Composition, up to AP Bio. Those that attend will definitely get a “Boot” up in the class compare to those that don’t. The insight that you receive will place you on the right path to success.

If you are interested in attending, which is highly recommended, please connect to the link provided or respond to the email invitation that is being sent to your LakeView student email with this letter attached. Also Google Classroom: AP Program: Lakeview—Classcode: emnz5ec

[SIGN UP FORM](#)---please signup by August 10th.
